

August 21, 22, and 23, 2025 - Cartagena, Colombia

PROGRAM

August 21

Additional registration is required for these activities.

Pre-congress course 1

DR. WON MOON

MSE workshop. Proper fabrication and clinical procedures

8:00 AM	Session 1
1:00 PM	LUNCH (Not included)
2:00 PM	Session 2
6:00 PM	End of the day

Pre-congress course 2

DR. GIORGIO FIORELLI AND TEAM

Learn the principles of Cantilevers and the multiple clinical

8:00 AM	Session 1
1:00 PM	LUNCH (Not included)
2:00 PM	Session 2
6:00 PM	End of the day

August 21, 22, and 23, 2025 - Cartagena, Colombia

PROGRAM

August 22

8:00 AM – 8:30 AM	Opening Ceremony
8:30 AM – 9:50 AM	André Drumond Similarities and differences between fixed appliances and clear aligners.
10:00 AM – 10:40 AM	Patricia Vergara Does the occlusal plane influence the selection of biomechanics to correct a gummy smile?
10:40 AM – 11:10 AM	Coffee Break
11:10 AM – 1:10 PM	Won Moon Practical applications of micro-implants in orthodontics with special Emphasis in biomechanics.
1:10 PM – 2:30 PM	LUNCH (Not included)
2:30 PM	Raffles offered by the sponsoring companies
2:30 PM – 3:00 PM	Mani Alikhani (Conference online) Recent Biological and Biomechanical advances in orthodontics and Craniofacial Orhtopedics
3:00 PM – 4:00 PM	María Antonia Álvarez Biological considerations to effective Biomechanics.
4:00 PM – 4:30 PM	Coffee Break
4:30 PM – 5:00 PM	Filip-George Boeru The Role of Orthodontic Biomechanics in the Treatment of TMJ Disorders.
5:00 PM – 6:00 PM	Flavio Uribe The critical role of biomechanics in treatment success.
6:00 PM – 6:10 PM	Raffles offered by the sponsoring companies
7:30 PM – 11:00 PM	Biomede Dinner and Party in the Hilton Hotel Gardens

Included for all registered attendees to the Biomede meeting

Accompanying value USD 50 (payment link)
<https://buy.stripe.com/cNi28r3UNbjr88c9cJ57X0F>

Dress Code:
Gentlemen, casual wear (long pants).
Ladies, Beach Chic

August 21, 22, and 23, 2025 - Cartagena, Colombia

PROGRAM

August 23

Multiple Clinical applications of Biomechanics

9:00 AM – 10:00 AM	Eduardo Barajas Closing spaces with light arch wires using the equilateral law.
10:00 AM – 10:30 AM	Luciana BIOMECHANICS: ANCIENT OR THE REAL DEAL ¿
10:35 AM – 11:05 AM	Juan Contreras «From Shadows to the light: Biomechanical Journey of an Impacted Tooth»
11:05 AM – 11:30 AM	Coffee Break
11:30 AM – 1:00 PM	Giorgio Fiorelli 3D orthodontic mechanics Analysis
1:00 PM – 2:30 PM	LUNCH (Not included)
2:30PM – 2:40 PM	Raffles offered by the sponsoring companies
2:40 PM – 3:10 PM	Adana Fetahovic “Alpha Beta Spring, an effective tool for moving roots”
3:15 PM – 3:45 PM	Stefania Zsuzsanna Rado The perio-patient: individual biomechanics for challenging situations
3:50 PM – 4:20 PM	Asta Abuneviciute «Individualized Solutions for Correcting Incisor Torque»
4:20 PM – 4:45 PM	Coffee Break
4:45 PM - 5:15 PM	Zafar Husanov «Intrusion Archwires. Major principles and clinical applications».
5:20 PM – 5:50 PM	ELbek Nasimov “Clinical application of segmented archwire and microplants in retraction of frontal teeth”.
5:50 PM – 6:00 PM	Raffles offered by the sponsoring companies
